Please direct all correspondence to UCPD Captain Jeff Thompson, Department of Public Safety, University of Cincinnati, 51 West Corry Boulevard, Cincinnati, Ohio 45221-0215, (513)556-4900, jeffrey.thompson@uc.edu

Supplement Note

This supplemental report details mental health-related contact cards from January 1, 2020, to April 30, 2020. The purpose of this report is to supplement the existing 2020 mental health report. The current iteration of the report runs from the beginning of May through the end of April of the following year. This timeframe was chosen as it is closer to the reality of life around campus. Most students leave the area in the last spring and return in the fall. The traditional 12-month review starting January 1 does not provide a comprehensive look at a student cohort.

With this change to the reporting practice, we understand that there is a gap in reporting of contact card data from January 1, 2020, to April 30, 2020. The graphs, charts, and tables below detail the information about mental health contact cards by the UCPD for this time period. For more information about UCPD's response to mental health-related incidents, please see the official 2020 Mental Health report on the Public Safety web page.

From January 1, 2020, to April 30, 2020, only six contact cards collected by the University of Cincinnati Police were related to mental health incidents. This means that of the 105 contact cards collected, only 6% were related to mental health.
